

## Fees for shipment and handling

In general, the reference materials are dispatched by express courier within two working days after receipt of the order. The reference materials are expected to arrive at your laboratory within one to three working days after shipment, depending on your location.

Prices in the table below shall apply to the shipment of up to two reference materials. Shipment costs for the order of more than two reference materials are available on request. Standard for shipment of reference materials is in frozen condition (dry ice or cooling packs). Shipment of stable matrices and parameters (e.g. MOSH/MOAH) is performed at room temperature.

	Shipment at room temperature	Shipment in frozen condition (cooling packs or dry ice)
Germany	25 €	35 €
EU	80 €	90 €
Switzerland	115 €	125 €
non-EU	Please contact us for a quote	Please contact us for a quote
